Life needs diversity, so does space. Mixed but ordered color comes from clever design and also from attitude towards life. Only multilayer can embody colorful life. The ornamentation of tap exactly expresses owner's generosity and leisure.

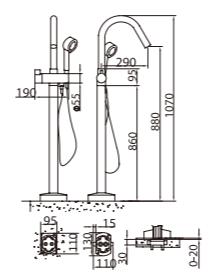

人生需要多姿多彩，空间亦然。色彩杂而不乱，源于设计构思的巧妙，同样源于豁达宽容的人生态度。多层次才能彰显多元的生活。而龙头的点缀，恰到好处地烘托了居家主人的豁达与闲适。

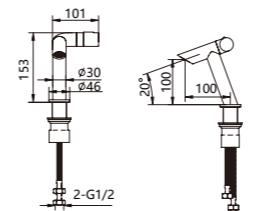

The breakthroughs and innovations in design revolve around the essence of practicality. The advancement of technology has given more space for innovation in the shape of products, and adds more artistic value during productuse.

设计的突破与创新都是围绕实用的本质，技术的进步让产品的造型有了更多的创变空间，让产品在使用过程中有更多的艺术价值。
